Our Products

Coffee

Indonesia is renowned for its exceptional coffee varieties with unique flavors from different islands. We offer both Arabica and Robusta green beans, available in full-washed and semi-washed processes.

Our Varieties:

Arabica Green Bean

Grown in highland regions such as Sumatra, Java, and Toraja. Known for its fruity, floral aroma and medium acidity that suits specialty coffee markets.

Robusta Green Bean

Cultivated in lowland areas like Lampung, Bengkulu, and East Java. Characterized by a strong body, bold taste, and earthy notes, perfect for espresso blends.

Luwak Coffee

Luwak coffee is one of the rarest and most exclusive coffees in the world, produced from beans that have been eaten, digested, and naturally fermented by the Asian palm civet. Sourced from Indonesia, this coffee is known for its smooth, low-acidity flavor and unique aroma profile.

Key Benefits:

Naturally Fermented

The digestion process enhances flavor depth and reduces bitterness.

Yumuşak ve Düşük Asitli

Ideal for sensitive stomachs and refined palates.

Unique Aroma & Taste

Earthy, chocolaty, and complex with a clean aftertaste.

Cocoa Powder

Our cocoa powder is derived from high-quality Indonesian cocoa beans. We offer a wide range of grades to suit different industry needs, from baking to beverage production.

Low Grade 5-8% Fat: DIVES

Standard Grade 10-12% Fat:
DIVES

Medium Grade 10-12% Fat:
DRITTO

Premium Grade 10-12% Fat:
DRITTO

Cocoa Butter

Cocoa butter is the natural fat extracted from high-quality Indonesian cocoa beans. With its smooth texture and mild chocolate aroma, it is widely used in chocolate production, cosmetics, and skincare formulations.

Key Benefit:

Essential for Chocolate Making

Provides smooth texture, glossy finish, and melt-in-mouth feel in premium chocolates.

Rich in Antioxidants

Contains vitamin E and other compounds that help protect and nourish the skin.

Natural Moisturizer

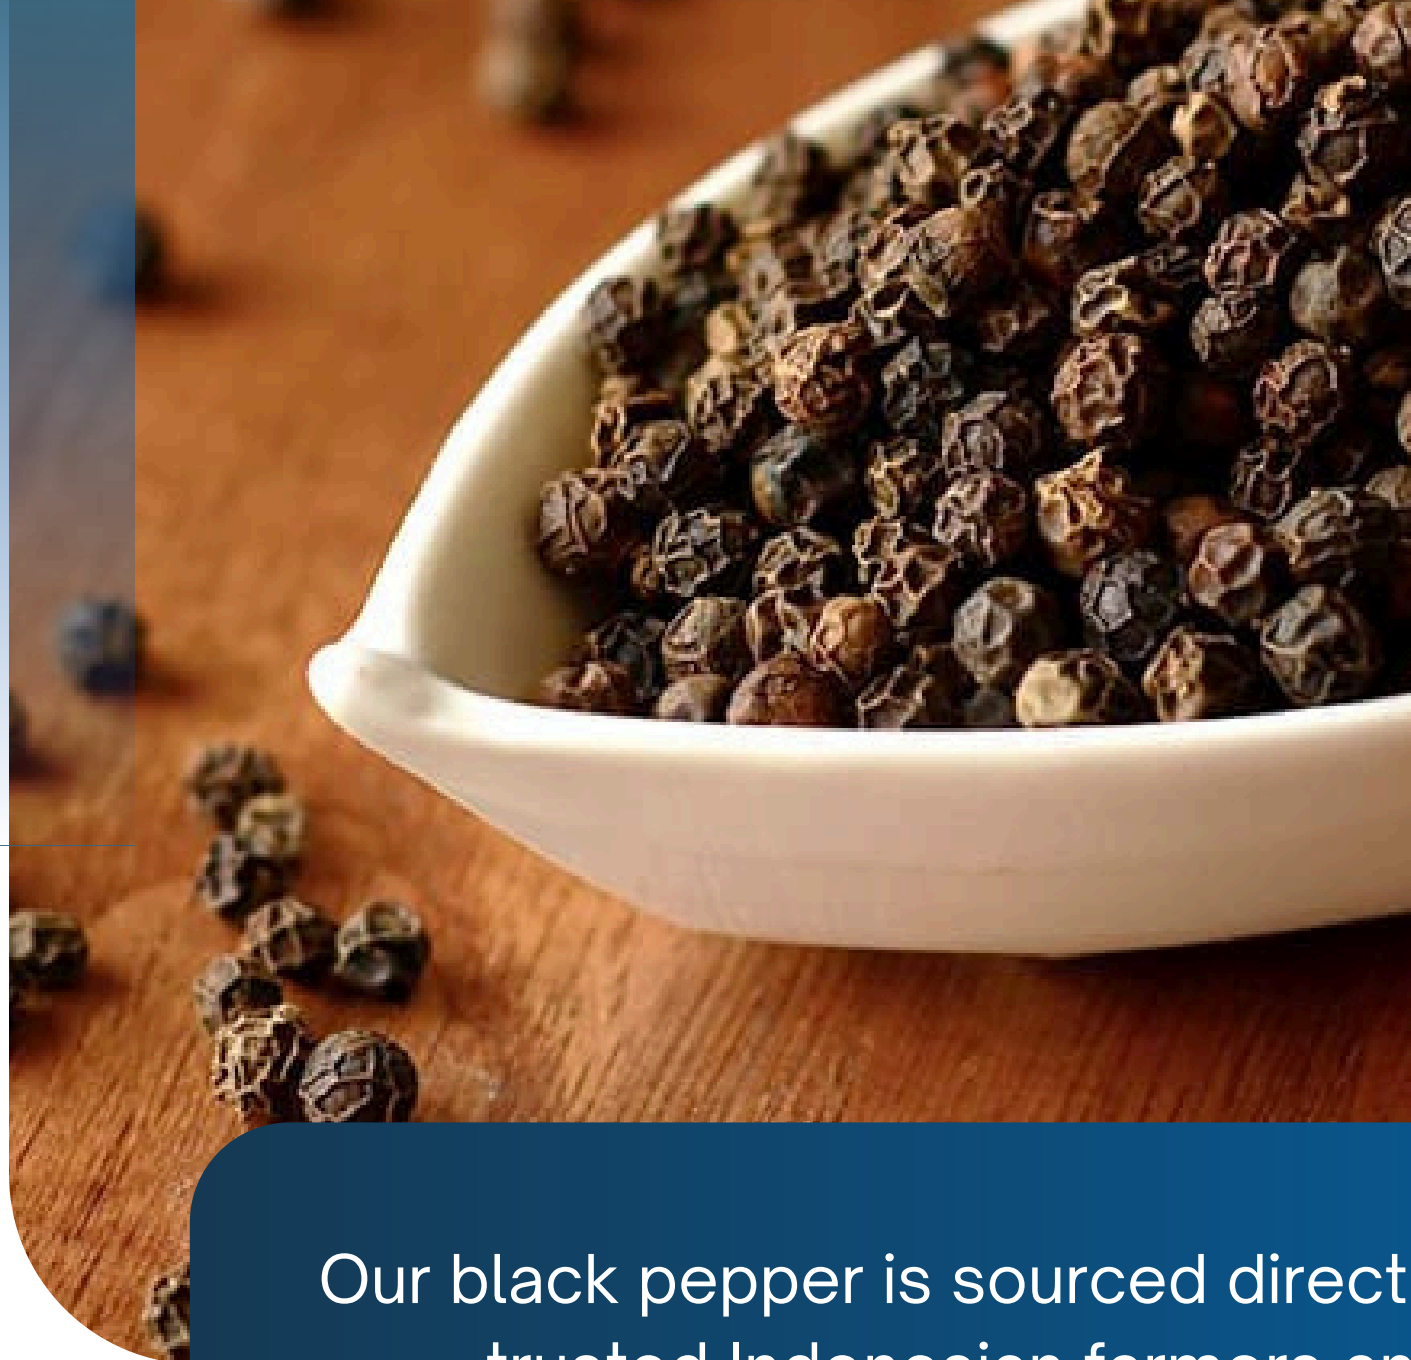

Deeply hydrates and softens skin — ideal for lotions, creams, and balms.

Black Pepper

Indonesia is one of the top producers of black pepper, known for its high piperine content and bold flavor. We supply high-quality whole and ground black pepper suitable for both culinary and industrial uses.

- ✓ Enhances Flavor Naturally
- ✓ Supports Digestive Health
- ✓ Versatile for Culinary & Industrial Use

Our black pepper is sourced directly from trusted Indonesian farmers and processed with strict quality standards. Available in bulk packaging, suitable for wholesalers, spice brands, and food industries.

White Pepper

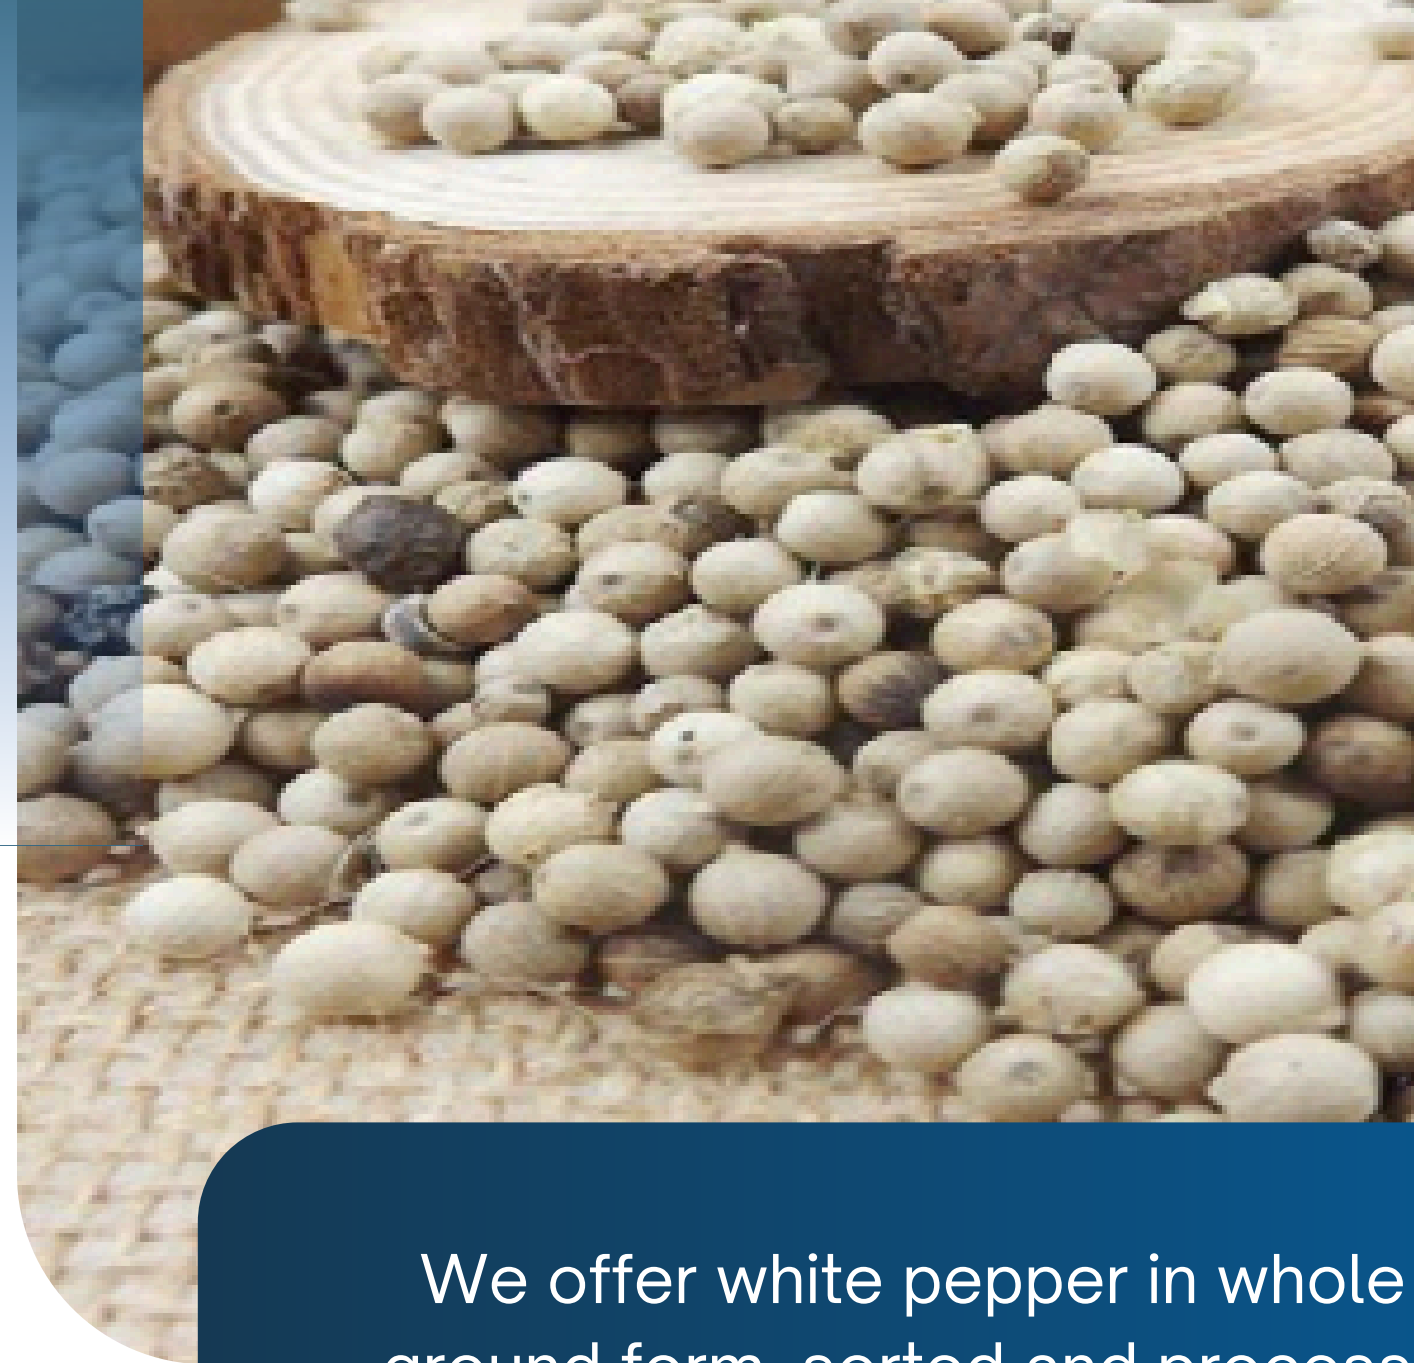

Our white pepper is produced from ripe pepper berries that are soaked, peeled, and sun-dried to achieve a smooth, pale appearance and a milder, earthy flavor. It is widely used in light-colored sauces, soups, and gourmet spice blends.

✓ Milder Taste, Clean Aroma

✓ Rich in Piperine

✓ Used in Culinary & Food Industry

We offer white pepper in whole and ground form, sorted and processed to meet international standards. Available in bulk packaging for spice importers, food manufacturers, and gourmet brands.

Cloves

Sourced from the rich volcanic soils of Indonesia, our cloves are hand-picked and sun-dried to preserve their strong aroma and high oil content. Used globally in culinary, pharmaceutical, cosmetic, and tobacco industries.

Key Benefit:

-  **Natural Antiseptic and Antibacterial**
Contains eugenol, a powerful compound that helps fight germs and bacteria.
-  **Relieves Toothache and Oral Pain**
Widely used in traditional medicine for dental care and oral hygiene.
-  **Rich in Antioxidants**
Helps combat oxidative stress and supports overall wellness.

Long Pepper

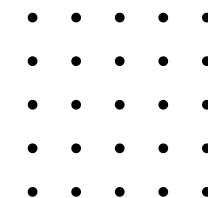

Indigenous to Indonesia, long pepper (*Piper retrofractum*) is a rare and valuable spice known for its complex heat and aroma. Used for centuries in traditional cooking and medicine, it's now gaining popularity in gourmet and wellness markets.

✓ Unique Spicy Flavor Profile

✓ Traditional Medicinal Use

✓ Supports Respiratory Health

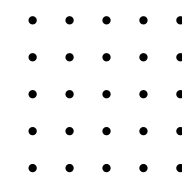

Our long pepper is sun-dried and hand-selected for quality, available in whole form. Supplied in bulk packaging for spice traders, herbal product makers, and gourmet food brands.

Cinnamon

Our cinnamon is harvested from the highlands of Sumatra and Java, known for its strong aroma and rich flavor. It is sun-dried and hand-rolled into sticks, widely used in culinary, health, and cosmetic industries. Our cinnamon sticks are available in various sizes and grades to meet different market needs. Carefully packed and ready for export to culinary brands, herbal producers, and wellness industries.

**Supports Blood
Sugar Control**

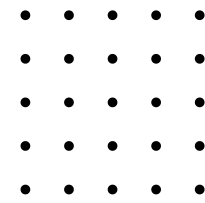

Vanilla

Our vanilla is cultivated in selected regions of Indonesia, hand-pollinated and sun-cured to develop its signature deep aroma and sweet, floral flavor. Recognized globally for its quality, Indonesian vanilla is prized by gourmet brands and natural product manufacturers.

Key Benefit:

-  **High Vanillin Content**
Contains potent vanillin compounds, offering strong scent and long-lasting flavor.
-  **Used in Food & Beverage Industry**
Perfect for ice cream, bakery, chocolate, syrups, and specialty drinks.
-  **Sought After in Cosmetics & Fragrance**
Used in perfumes, lotions, and aromatherapy for its calming and luxurious scent.

Dried Ginger

Our dried ginger is carefully sourced from selected farms in Indonesia and dried naturally to preserve its aroma and bioactive compounds. It is widely used in the culinary, herbal, pharmaceutical, and cosmetic industries.

Our dried ginger slices are sun-dried with care, retaining strong aroma and golden color. Available in bulk packaging, ready for export to wellness brands, food manufacturers, and herbal companies.

Supports Immune Function

Relieves Nausea and Digestive Discomfort

Anti-Inflammatory Properties

Versatile Ingredient

Dried Turmeric

Our dried turmeric is sliced from freshly harvested roots and sun-dried to preserve its deep golden color and active compound, curcumin. It's widely used in culinary, herbal, and wellness industries for its earthy flavor and health-boosting properties.

Key Benefit:

Natural Anti-Inflammatory

Rich in curcumin, known to reduce inflammation and support joint health.

Natural Food Coloring & Flavor

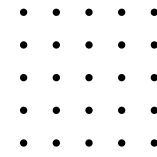

Provides bright yellow color and warm, bitter flavor to dishes and spice blends.

Ideal for Health Products

Used in teas, herbal capsules, extracts, and traditional remedies like jamu.

Nutmeg

Our nutmeg is harvested from the renowned spice-producing regions of Indonesia. Hand-picked and sun-dried, it is valued for its rich aroma, warm flavor, and essential oil content. Carefully cleaned and packed for export to spice traders, oil distillers, and food manufacturers.

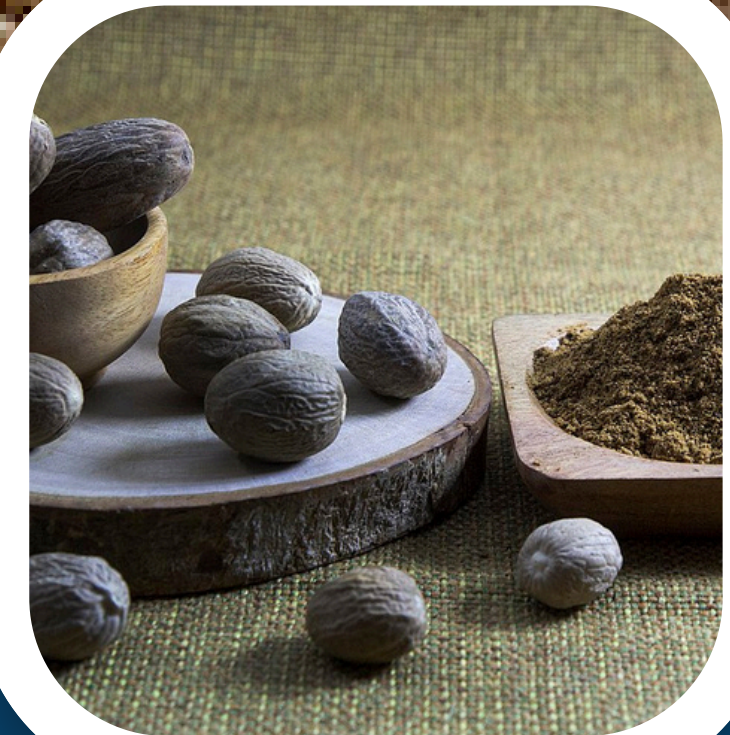

**Aromatic
Culinary Spice**

**High Essential Oil
Content**

**Natural
Digestive Aid**

Coconut

Coconut Powder Low Fat

Our coconut powder is made by spray-drying fresh coconut milk into a fine, shelf-stable powder. It delivers the creamy flavor of real coconut milk and is ideal for instant beverages, cooking, and baking applications.

Desiccated Coconut Powder High Fat

Our desiccated coconut is made from freshly grated, high-quality coconut meat that is gently dried to preserve its natural flavor and nutrients. It is unsweetened, additive-free, and available in various cuts: fine, medium, and coarse — ideal for culinary and industrial use.

Mace

Mace is the lacy, red outer covering of the nutmeg seed, hand-harvested and sun-dried to a vibrant golden-orange color. It offers a warm, slightly sweet flavor and is highly valued in spice blends, gourmet foods, and traditional remedies.

Key Benefit:

-  **High Essential Oil Content**
Valued in the food, cosmetic, and fragrance industries for its rich natural oils.
-  **Rich, Distinctive Flavor**
Offers a more delicate and aromatic taste compared to nutmeg — ideal for baking, sauces, and spice blends.
-  **Premium Culinary Ingredient**
Popular in gourmet kitchens, especially in European, Indian, and Middle Eastern cuisines.

Stevia and Rosella

Dried Stevia Leaf

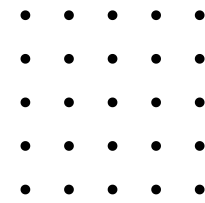

Our stevia leaves are naturally grown and dried in Indonesia, retaining their intense sweetness and green color. Stevia is a natural, zero-calorie sweetener widely used in food, beverage, and health industries as a sugar alternative.

Dried Rosella

Our dried rosella petals are harvested from fertile Indonesian lands and naturally sun-dried to retain their vivid color and tangy taste. Rosella is widely known for its health benefits and is commonly used in teas, health drinks, and herbal formulations.

Herbal Tobacco

Our herbal tobacco is crafted from selected Indonesian herbs and leaves, offering a nicotine-free and chemical-free alternative for conscious consumers. It provides a smooth, aromatic experience and is used for shisha blends, incense, and wellness-focused smoking products.

We supply loose herbal tobacco blends or bulk-packed for private label needs. Customizable blends and flavors available upon request for shisha lounges, wellness brands, and herbal product companies.

✓ Smooth, Aromatic Smoking Experience

✓ Safe Alternative for Wellness Markets

✓ Flexible for Blends & Private Labels

Cardamom

Our cardamom is carefully harvested and sun-dried to preserve its intense aroma and citrusy, herbal flavor. This premium spice is widely used in culinary, beverage, and wellness products across global markets. Available in bulk packaging for spice distributors, tea companies, and health food producers.

Key Benefit:

Bold & Aromatic Flavor

Adds a unique warm, sweet, and slightly minty taste to both sweet and savory dishes.

Popular in Beverage

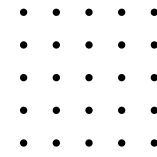

Commonly used in chai, herbal teas, and flavored coffee or milk drinks.

Digestive Support

Traditionally used to ease bloating, nausea, and support gut health.

Gum Damar

Sourced from the forests of Sumatra, our gum damar is a natural tree resin known for its versatility in industrial, cosmetic, and artistic applications. It is collected sustainably and sorted by grade to meet various international market needs.

Bricket Shisha & BBQ

Bricket Shisha

Our shisha bricks are made from high-quality, natural Indonesian coconut shell designed for smooth, clean, and long-lasting heat. They are 100% chemical-free, odorless, and ideal for premium hookah or shisha sessions.

Bricket BBQ

Our BBQ bricks are produced from premium-quality Indonesian coconut shell and hardwood charcoal, offering consistent heat and eco-friendly grilling performance. They are chemical-free, long-burning, and ideal for home, commercial, or outdoor BBQ use.

Coconut Shell

Coconut shell is the hard, outer layer of the coconut fruit, widely used as a sustainable raw material for producing charcoal and briquettes. It is eco-friendly, renewable, and has excellent burning properties—making it ideal for shisha, BBQ, and industrial use.

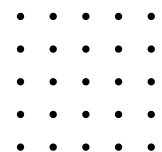

Key Benefit:

-  **Low Smoke & Odor**
Burns cleanly without altering food or shisha flavors.
-  **High Heat Value**
Produces intense and consistent heat, perfect for long-lasting burns.
-  **Düşük Kül Kalıntısı**
Leaves behind minimal ash, ensuring cleaner use and easier maintenance.
